# Hughes Online

Our Church online directory allows us to communicate with each other as we join together in life through our life groups, ministries, events and small gatherings. We share regular updates for different ministries, prayer points, upcoming events and our Hughes News through this directory.

Hughes Online is a secure online data system run by Church Community Builder, an American based company. If you are seeking to call Hughes your home we are more than happy to input your details onto the system. This request will only be activated if you are a regular attender at Hughes.

I am willing to have my details published on Hughes Online.

I am happy for the Church Office to hold but not enter into directory the following information [eg. silent telephone number or address]: \_\_\_\_\_
